### Preserving the history of rheology: the History Programs of the American Institute of Physics

Melanie J. Mueller

Niels Bohr Library & Archives, American Institute of Physics, College Park, MD 20740  
Wednesday 6:05 Atrium/Harborview (Poster Session)

The History Programs of the American Institute of Physics work with the Society of Rheology and its members to collect and preserve historical records, photos, oral histories, books and other publications. Our holdings include: books on rheology, the historical records and publications of the Society of Rheology, and photographs of members and awardees of the Society of Rheology. The Niels Bohr Library & Archives and the Center for History of Physics welcome visitors from around the world to their locations in the AIP headquarters in College Park, MD. We are glad to receive donations of books, photos, and historically valuable records to build our rheology collection.
